

Q-global®

OTs! *Want digital resources at your fingertips?*

Look no further! Q-global could be exactly what you need!

The digital assessment workflow doesn't simply make the administration of an assessment less time consuming, it also speeds up and improves the accuracy of the scoring and reporting process. It will literally transform the way you work and increase your efficiency, giving you back valuable time in your day—time you can spend doing what you're called to do... helping people make the most of their lives!

There's never a dull moment as an OT. You're on the move from one client to the next while trying to squeeze in your admin (and possibly a minute to eat). Q-global® allows Occupational Therapists to quickly and efficiently administer assessments, generate scores, and produce reports. The platform houses many of our industry-leading assessment tools and is accessible from any internet-connected device at any time, in any location.

Q-global provides:

- Immediate report generation
- On-the-fly assessment selection
- Reduced financial and time burdens for caregivers and clinicians
