

Ready to get started with Q-interactive?

Step 1: Select your annual license

Q-interactive requires an annual license—good for one year from the date of purchase—for users to gain access to the software platform. The annual fee is based on the number of test instruments available through your license.

To calculate the cost of your license, determine how many test instruments you want to access and how many clinicians will need to have access to them. These two factors will determine the cost of your license.

Annual Access License*		
Number of instruments:	Q-interactive "Light" (1-3 instruments) ISBN: A103000322340	Q-interactive "Max" (4+ instruments) ISBN: A103000322341
1 - 4 users	\$340 per user	\$390 per user
5-24 users	\$315 per user	\$365 per user
25+ users	\$290 per user	\$340 per user

Step 2: Estimate annual subtest usage

Q-interactive assessments are priced at the subtest level, providing you with the greatest flexibility to meet your assessment needs. Subtest costs are accrued for each subtest administered on Q-interactive. The subtest cost covers assessment/subtest administration, scores and normative data and administration and scoring information.

Pre-pay for Subtests	
<p>You should estimate your annual subtest usage based on your administration history for all users of the license.</p> <p>A good guideline is 10 subtests per comprehensive instrument.</p> <p><i>Please note the administration of CVLT®, GFTA™ and PPVT™ are equivalent to three subtests. Achievement measures KTEA™-3, WIAT®-4 CDN and WRAT5™ are equivalent to 0.5 credits.</i></p>	
Subtest volume	Cost per subtest*
1 to 250 subtests	\$2.15
251 to 750 subtests	\$2.00
751 to 5,000 subtests	\$1.85
5,001 to 12,500 subtests	\$1.60
12,501 to 50,000 subtests	\$1.50

Terms			
Annual License		Subtest Options	
<ul style="list-style-type: none"> Additional users may be added during the term of the annual license. Cost will be at the utilized user rate for the license and prorated to the nearest full month. All users included on an annual license must have access to the same number and same set of assessment instruments. 	<ul style="list-style-type: none"> Assessment instruments may be added during the term of your license. A \$50.00 fee will be charged per user (not prorated) for the addition of tests that move from "Light" to "Max" instrument package. Pearson Terms and Conditions of Sale and Use apply. 	<ul style="list-style-type: none"> Some test(s) require the use of manipulative items or response booklets that must be purchased separately. Subtests will carry forward beyond the term of the annual site license in which they are purchased. 	<ul style="list-style-type: none"> Additional subtests consumed beyond the number used to establish the annual license will be billed at the cost per subtest used to determine the annual license cost. For Memory subtests in which there is a Delayed Recall condition, there is no additional charge for the delayed administration.
