Get Started with Q-interactive

Q-interactive Start-Up Guide

Here are instructions for installing the Q-interactive® Assess app, establishing the proper settings on both iPad® devices, finalizing your login credentials, and creating a practice assessment session. We recommend practicing the tests a few times before assessing real clients. Please review the Q-interactive Training Modules, as it provides an indepth walkthrough of both setup and use of Q-interactive.

SECTION 1: Download the App

The Q-interactive Assess app must be downloaded onto both iPads in order to use the system.

STEP 1

Open the App Store, found on the home screen of the iPad.

STEP 2

Search for Q-interactive and tap on "GET."

SECTION 2: Configure the iPads

With Assess downloaded, lets configure the settings on both devices. This is an essential step for a few reasons:

- Ensure iPads pair correctly in order to capture data from each other.
- Stimuli display in a standard manner.
- Assist in the smooth operation of Q-interactive.
- Eliminate distractions, which may occur during the assessment.

STEP 1

Touch the Settings app located on the home screen.

STEP 2. Adjust your iPads according to the following table. Q-interactive Assess uses Wi-Fi to connect the Practitioner and Client devices. You must be connected to an active Wi-Fi network to download and sync assessments. You do not need to be connected to an active Wi-Fi network to administer assessments, but you do need to have Wi-Fi enabled on both devices.

Practitioner's iPad	Client's iPad	Setting	Menu	Choice
•	•	Wi-Fi	Enable Wi-Fi	Select Network
•	•	General	Keyboard	Disable Auto Capitalization
•	•	General	Keyboard	Disable Auto Correction
	•	Display & Brightness	Brightness	Slide bar to far right
	•	Display & Brightness	Night Shift	Off
	•	Display & Brightness	True Tone	Disable True Tone
•	•	Display & Brightness	Auto-Lock	15 Minutes
		Accessibility	Display & Text Size	Disable Auto-Brightness

SECTION 3: Creating an Assessment Session

Your Welcome email gets this started by first establishing your login credentials.

STEP 1

The "Click here" link will open the screen to establish your Q-interactive password.

After submitting the password and accepting the Terms and Conditions of Q-interactive, you are now ready to create a practice assessment session.

STEP 2

From the Dashboard tab, click the Practice Assessment button to make the Practice Client profile and Save.

STEP 3

Step 2: Choose battery
