

Review360

A 360-degree snapshot of Review360

Bringing the pieces together

Review360® is a platform that supports the implementation of a Multi-Tiered System of Support (MTSS) systematic process for problem-solving, databased decision-making, and fair practice.

In addition, the platform supports the further development of support strategies for teachers' professional development, and the effectiveness of communicating with parents on student progress toward academic, behavioural, and social wellness.

Here's a snapshot of what the Review360 platform can do to support all students

- Provide real-time data via dashboard for effective databased decision making
- Identify a tiered-level of student need through various data collection tools and align appropriate level of evidence-based strategies
- Effectively track student progress toward behavioural and social wellness
- Reduce disproportionality
 - Addressing disproportionality and reducing suspensions
- Reduce bullying
 - Identifying the behaviors that predict bullying and ways to change them for the better
 - Evidence-based bullying prevention interventions founded in positive behavioural solutions
- Increase student progress toward targeted and individualized goals
