

# Summer adventures are just a chapter away!

## Reading opens up a world of possibilities.

Make the most of your Developmental Reading Assessment™ (DRA™3) print kit and set your teachers up for success by giving them the tools they need to help students explore a world of infinite possibilities through reading. Get better acquainted with the many tools and resources included with your DRA3 kit by choosing from one of our complimentary and paid training options.

### I. Implementation

#### Teacher Resources available in your DRA3 Print Kit

- Benchmark Assessment
- Word Analysis
- Progress Monitoring
- Routine Cards
- Direction Cards
- Student Assessment Folders
- Hanging file folders

### II. Complimentary On-Demand Video Tutorials

#### Before you set up your students for assessment and reading plans...

Whether you choose to assess via paper and pencil or through your 2019–2020 complimentary access to our DRA3 online digital platform, take advantage of available on-demand tutorials for a step-by-step walk-through of the process.

On-Demand Video Tutorials	
Getting Started with DRA3	
K–3 Digital Assessments	4–8 Digital Assessments
K–3 Paper-and-Pencil Assessments	4–8 Paper-and-Pencil Assessments
Progress Monitoring and Reporting*	Word Analysis*

### III. Paid Training Options

Whether you choose to assess with paper-and-pencil, our digital platform, or a combination of the two, paid training is a great opportunity to let our DRA3 experts personally walk your staff through the assessment tools. Come prepared with questions and leave with answers! We're always here to serve as an extension of your team.

#### On-Site Training

##### Getting Started with DRA3

**On-site workshop for up to 30 participants**

**Price:** \$3500 | \$2500 (Consecutive day)

**Benefits:** Educators, Literacy Coaches, District Reading Supervisors, and Reading and Intervention Specialists

This professional learning workshop includes a full day of in-person instruction provided by a Certified DRA3 Consultant and will emphasize the strong connection between DRA3 and reading achievement. Participants will be introduced to the new DRA3 platform and kit components. The workshop focus includes how to consistently Benchmark students and complete the new streamlined continuum on the Teacher Observation Guide and use the new Level Estimator. This session will also cover the efficient and appropriate use of Word

Analysis and Progress Monitoring with DRA3 Benchmark Assessment to observe struggling and emerging readers. Participants will learn how to use the DRA3 digital platform—including how to organize student information and data, launch assessments for scoring, and generate reports.

Training will be adapted to cover both paper and digital administration for K–8 or can be customized for K–3 and 4–8. Sessions can also be adjusted to include more emphasis on platform navigation and features.

#### **Learning objectives:**

1. Identify the organization and content of the DRA3 assessment and supporting resources
2. Use and score assessments with the DRA3 scoring continuum and assessment tools
3. Identify a student's independent reading level
4. Integrate the 'Focus for Instruction' into daily lesson planning
5. Use the digital platform for student information and reports

***Due to the hands-on experience with our on-site workshop, we limit the number of participants to 30.***

## **Remote Training**

### **Getting Started with DRA3**

***Half-day webinar for up to 15 participants***

**Price:** \$1500

Training includes three (3) hours of remote instruction plus one (1) hour of follow-up consultation provided by a Certified DRA3 Consultant. In this half-day training, participants will learn to use the DRA3 resources to enhance best practices, making it possible to focus on instructional requirements based on the specific needs of grade K–3 or 4–8 students.

#### **Learning objectives:**

1. Identify the organization and content of the DRA3 assessment and supporting resources

2. Use and score assessments with the DRA3 scoring continuum and assessment tools
3. Identify a student's independent reading level
4. Integrate the 'Focus for Instruction' into daily lesson planning
5. Navigate the digital platform to organize student data and reports

### **Webinar: Transitioning from DRA2 to DRA3**

***Two-hour webinar for up to 15 participants***

**Price:** \$600

*This two-hour webinar is for DRA™2 customers who are transitioning to DRA3.*

Learn about the new features in DRA3 and the improved teacher tools that make assessing and progress monitoring students even easier! Participants will learn about the new Level Estimator used to estimate starting reading levels, saving you valuable time with new or younger students. This training will also include a walk-through of the new digital platform that is used to assess, score, generate reports, and maintain student records—all in one place! Participants will also learn about the new reports that are available in DRA3, including the new Parent Report. Also covered are best practices for using this new platform for assessing students, and using the data to make informed decisions for student growth.

### **DRA3 Remote Consultation**

***One-hour web-based consultation for up to 15 participants***

**Price:** \$300

**Benefits:** *Educators, Literacy Coaches, District Reading Supervisors, and Reading and Intervention Specialists*

*This consultation is designed for current users of DRA3 and is not intended as a new user training.*

This session is designed to provide customized support related to specific customer needs and questions. Customers will work directly with a DRA3 Certified Consultant to create an agenda that best meets the customer's needs.

*\*Available fall 2019*
