Important Information Regarding ABAS®-3 Software

July , 2017

Dear Valued Customer,

There is a known issue with the ABAS-3 software when used on Windows operating systems that are configured for time zones outside the United States. To resolve this issue, a software update needs to be installed on the computer running the ABAS-3 software.

ABAS-3 is published by WPS and distributed by Pearson.

Please be sure the ABAS-3 program is completely closed before following the instructions below.

Proceed to the [weblink](#) and log in using the credentials below. Start by downloading the ABAS3.EXE file and then follow the instructions in the ABAS-3 Update PDF file.

Username: customer

Password: Leave empty. No password needed.

If you require further assistance, please contact WPS at 1-800-648-8857

Sincerely,
